Instruction – how to add institutional classifiers to a publication's entry

When registering a publication in the VILNIUS TECH eLABa PDB repository, it is <u>necessary</u> to indicate **one value for each** of the two <u>institutional classifications</u>:

- > VILNIUS TECH research priorities and topics
- > Lithuanian intelligent specialization

1. Selection of VILNIUS TECH research priorities and topics classifier's value:

In the document entry's section Institutional classifications click +Add.

One of the two classifications can be selected from the pop-out window: select VILNIUS TECH research priorities and topics by clicking on the square icon (•) next to it:

Institutional classifications			
Title	Institutional classifiers 3	× ote A	Actions
Empty	Classifier Select		
+ Add	VILNIUS TECH research priorities and topics		
	Lithuanian intelligent specialization		→ Continue

In the opened window, <u>expand</u> the values of **classification's topic** consistent with the theme of the document being registered:

<u>Select</u> a classification's **value** most suitable for the document being registered:

Press Confirm:

Institutional classifier		×
Institutional classifier	VILNIUS TECH research priorities and topics	
Value *	Change of anthropogenic 🖉 🖉	
Note		
Confirm Close		

2. Selection of Lithuanian intelligent specialization classifier's value:

In the document entry's section **Institutional classifications** again click **+Add** and select **Lithuanian intelligent specialization** classification:

Title	Institutional classifiers			Note	Actions
VILNIUS TECH research priorities and topics	Classifier	Select	L		b
+ Add	VILNIUS TECH research priorities and topics	•			
	Lithuanian intelligent specialization	0			

Select classifier	S ALABYTTA TIGLER AT RAALIMANT

<u>Select</u> the most suitable classification's **value** from the opened classifier window:

Press **Confirm**:

Institutional classifier	3	
Institutional classifier	Lithuanian intelligent specialization	
Value *	Agro-innovation and food technologies	
Note		
✓ Confirm Close		

When the values **of both** classifiers have been indicated, the document entry's section **Institutional classifications** should look like this:

Institutional classifications					
Title	Code	Value	Note	Actions	
VILNIUS TECH research priorities and topics	AE05	Change of anthropogenic environment		i	
Lithuanian intelligent specialization	L101	Agro-innovation and food technologies		i
