

VILNIUS TECH CAREER FEST 2023

Vilnius Gediminas Technical University (VILNIUS TECH) invites you to participate in the career festival organized for the 19th time, which will bring together not only VILNIUS TECH students and graduates, but also ambitious pupils the most promising companies and various organisations.

It is worth to participate because you will:

meet your target audience: VILNIUS TECH students, other students and pupils from Vilnius

increase your brand awareness and recognition

be able to present your organisations' job and internship possibilities, submit topics for students' project work or final thesis

meet young professionals who will soon be available on the job market

expand you
contacts' pool of
promising students
and members of
VILNIUS TECH
community

learn more what do other companies offer and assess the market
