

Connect- fest

A unique networking event,
from students to students

We're planning for a thrilling, **themed scavenger hunt** – a unique way to connect, explore, and have a fun! **Our goal is to provide an atmosphere that encourages meaningful conversations and sparks of creativity - it's not just about finding the clues; it's about finding new friends, and potential collaborators.**

All students welcome

We invite all VILNIUS TECH students – they're welcome and guaranteed to have fun regardless of your specialty!

AFTERPARTY

After the event itself we are planning an afterparty, where we'll turn up the music, share food and drinks and celebrate newfound connections, and continue the festivities.

Event details

Date: May 2nd

Time: 15:30

Location: Saulétékio Campus, SRA-I

Event Format: Scavenger Hunt + afterparty

Opportunities

Our team is looking for sponsors/partners to provide refreshments during the event. This is a unique opportunity to directly advertise your products and services to the student body of our university. By fueling the participants during the scavenger hunt and providing enjoyment during the afterparty, your brand is sure to create lasting, positive associations and gain exposure. Lastly, as organisers of the event, we are also committed to doing everything we can to further market for you in social networks - before and after the day of the event.
